

Thank you to all who applied for positions on our Tech Crews for this year's Winter Musical, *The Music Man, Jr!* We had 70 students complete the application and planned to take 30, but were able to make room for a few more. Applications were reviewed, teacher recommendations were provided, and the list tries to balance those who were on crew last year, first choices for the crew a student wanted to be on, and a representation of all 3 grade levels. If we could have taken all who applied, we would have, but there's just no way to safely get that many students backstage along with the set pieces and the whole cast.

If your name is on this list, please plan to attend a meeting during Homeroom on **Tuesday, December 9** in Mr. Cloonan's Chorus Room A011. We will hand out contracts, get you signed into our Google Classroom, and go over exact responsibilities and schedules.
